MONDAY AND THURSDAY

Vol. 21, No. 15 | The County Seat Paper | NEVADA CITY-GRASS VALLEY, CALIFORNIA | The Twin Cities Paper | MONDAY, FEBRUARY 17, 1947

THINKING OUT LOUD

By H. M. L.

We noticed a man plowing with a one-horse plow in Pioneers Park the other ay. Apparently something is afoot there that hasn't been afoot since the time the Marsh sawmill was there. Even then we doubt if much plowing was done. In fact plowing in this part of the county is something of on afterthought, as a rule mining came first, lumber second and farming third or last. The gold that is derived from a plowed field is never so immediate as that found in crushed quartz or in a gravel bed, though often it is considerably more in the aggregate.

A one horse plow, somehow recalls the one hoss shay and other matters of a by-gone age, but we shall not be tempted to go off on a tangent. The virgin earth, for that is probably what it is, is being turned up to the sun in Pioneers Park. That means, perhaps that a lawn is meditated in the Memorial Grove there. We hope it is. It does not look well to remember our war dead with a memorial in a field of weeds. The dead are probably beyond caring, but the living should not be, that is, if we wish to sustain our civilization its present levels..

We have been glad to note the interest the Nevada City Chmber of Commerce is taking in Pioneers Park, and by the way the name is Pioneers Park, plural not singular. For, the park is intended be a memorial to all the pioneers of Nevada City and nto one of them. The name was suggested by George Calanan, and adopted by the first board of park commissioners appointed by the city council, of which this writer was one. The mayor of Nevada City at the time the first board was appointed was A. Seaman, whose son is now mayor, was elected to the interests of building there a beautiful recreation center for the city.

The city bonded itself for $10,000 to buy the land and build the municipal pool there. It was a long time before the city fathers were finally brought to spending the money on it as the voters of the city intended. and two or three times they proposed to do something else with the money, but each time the voters declared they wanted the park. That is, a big majority so declared.

We can view the dilatory action of the city council with some charity, because Nevada City needed so many things besides a park and the council has always been hard pressed to find the money, that it is really surprising the people of this city stuck to their first choice as thaciously as they did..

But we think that problem was wisely solved at length, and now we are entering a new era, apparently, of park development. Sometime since a care taker's cottage purchased from the orest service. The cottage once stood on a promotory near the Washington Junction. Then the next hurdle was to find a real care taker and find the money to pay his salary. This has been accomplished, and presently we shall have a man to take care of the park the year around..

The Chamber of Commerce, looking for places to put their shoulder to the wheel, has decided that the park is one place and the Nevada City airport the other. We believe the city council which has been carrying a heavy load for a good many years will be glad to have this strong shoulder bearing part of it.

This leads us to the natural conclusion that the more members the chamber enrolls, the stronger its shoulder to the wheel will be. We have been really proud of the way the secretary of the chamber, H. F. Sofge, has been enrolling new members. A good healthy chamber is a big asset to any town. We believe the chamber's interest in the park, has something to do with that man with the one-horse plow who was turning up the soil in the Memorial Grove the other day..

Our idea of park improvements would include a couple of modern tennis courts, just below the bath house, a boating pond alongside. Little Deer Creek in the upper end of the park, and a playing field, big enough at least for soft ball and other games, and judicious planting of shrubs and trees. Of the latter the park will need little for nature already has been prodigal. There is a cement filter already in place for the municipal pool. All that needs to work well is a proper filling of gravel sand and charcoal. The filter was placed there during the regime of the first park commission and should be used to clear the water of algae and dirt. Perhaps when the care taker begins his duties that can be done.

FLOW OF ILLICIT GOLD TO MINT BRINGS ARREST

GRASS VALLEY: Lloyd Shipman former Empire Mine hoistman was erested Thursday afternoon by state and federal officers who charged him with filing false gold sale affidavits with the United States Mint.

Walter Fish, United States Secret Service officer, and John B. Bongard, chief inspector of the State Division of Mines, flagged down Shipman's car on the Auburn Highway near the Bullion Mine and took him into custody. At the same time, they removed an estimated $3000 of gold bullion from his automobile.

Authorities investigating shipments from Grass Valley of $30,000 in bullion and amalgam to the mint, had had Shipman under surveillance for some time.

VICIOUS HUMAN POISONS DOGS, REWARD OFFERED

GRASS VALLEY: Al Ahearn, who reported to the police that one of his hunting dogs had been poisoned, at the same time offered a reward of $50 for information leading to the arrest and conviction of the person or persons responsible for the act.

Lionel Osborne, whose black chow dog was poisoned also offers a reward. Al Harris of Conaway Avenue yesterday reported his dog had died of strychnine Wednesday night. Seven dogs have recently been poisoned.

NIGHT CLASSES

NEVADA CITY: Classes for adults will continue Monday evening, February 17th, in the Nevada City high school. Courses in metal art, leather craft, wood working, welding and a beginning class in radio repairs and sending and receiving in code, will be organized.

Teacher of the radio class will be George Craword, communications officer of the Tahe National Forest service..

"COME AND GET IT"

That's what curvaceous Citrus Princess Shirley Buchanan will soon be shouting down San Bernardino way when the National Orange Show opens Mar. 13 for eleven days of spectacular exhibits and entertainment by stars of radio and screen.

NO ELECTION FOR STATE SENATOR BEFORE 1948

SACRAMENTO: No special election for State Senator from this area, the 7th Senatorial District, appears to be in sight for 1947. This is evident in the light of a recent announcement from the governor's office that no provision for a ballot to fill the seat vacated by Jerrold Seawell is under consideration.

Precedent in special state elections to fill legislative vacancies is that they are held in conjunction with regularly scheduled local elections. In this senatorial district, there is no regularly scheduled local election that covers the whole area, before 1948.

TELEPHONE RATES ARE GOING UP

NEVADA CITY: In an interview regarding increase telephone company rates, Eugene R. Ingalls, telephone company manager said that the principal rate changes proposed for Nevada City were:

	1919	1947
Date effective		
Business individual	3.00	4.00
Residence individual	2.50	3.00
Residence two party	2.25	2.50
Residence four party	2.00	2.25

Service connection charge Present $3.50, proposed $6.00 Residence $3. present, proposed $5.00.

Ingalls stated that the number of telephones in service nere had increased from 405 in 1919 to 1067 in 1946.

He emphasized that the cost and value of telephone service increases as the number of telephones which can be reached without a toll charge increases.

SUPERVISORS APPROVE MEMORIAL BUILDING IMPROVEMENT PLANS

NEVADA CITY: At special meeting the Nevada County Board of Supervisors approved final plans for improvements in the Veterans Memorial Building to cost approximately $49,000.

Warren Odell, chairman of the board, was designated representative of the board to obtain state funds appropriated for such purposes by the 1941 legislature.

The plans call for the reconstruction of the building to afford rooms for public offices and more revenue from the building. Four bowling allies are to be built in the basement.

TWIN CITY UNITY GROWS BOY SCOUTS TO HOLD JOINT MINIATURE RALLY

GRASS VALLEY: Grass Valley's Boy Scout, Troop 4, has been invited by Nevaa City's Troop 24, to meet with them in Seaman's Lodge, Nevada City, Thursday, February 18, for a "minature" rally. The troops are preparing for Council Rally which will take place in Roseville March 1.

The members of both troops are trying out for the events of the big rally. Knot tying, flint and steel camp fire ignition, flag signals, pump drill, fire by friction, semaphore signalling, rope climbing, and other stunts are being practiced.

FIREMEN'S BALL

NEVADA CITY: Cameron R. Larsen, Chief of the Nevada City Fire Department, has received an invitation from William H. Strick, Fire Chief of Grass Valley, to attend the 72nd Annual Fireman's Ball at the Veterans' Memorial Hall in Grass Valley on the evening of February 22, 1947.

Many Nevada City firemen have already signified their intention of accompanying Chief Larsen to Grass Valley pursuant to the invitation. Admission to the dance, according to Chief Strick, will be by badge or other identificaton as a member of the Nevada City Fire Department.

The Washington's Birthday Ball of the Grass Valley Firemen is one of the outstanding social events of the year.

YELLOWJACKETS TROUNCE YUBA CITY FIVE

NEVADA CITY: The Yellowjackets unlimited cagers Friday night thoroughly trounced Yuba City's five. It was a score of 27 to 9 at half time and 65 to 21 at the final whistle. The Yellow Jacket Bees did not fare so well, though they put up a hard fighting defense. The Bees score was Yuba City 20 and Nevada City 19 at half time with Nevada City losing in the finals with 35 points to Yuba City's consistent 40 baskets.

High point man for the Nevada City's A team was Jack Coley, center with 27 points. High man for Yuba City was Buzzy Rhine, center with 9 points.

In the Bee game Don Amos, center for Nevada City, was high with 10 baskets, and Lee Cast, forward for Yuba City was tops with 17 points.

TONIGHT KING KONG COX MEETS SO. GENTLEMAN

GRASS VALLEY: Ted (King Kong) Cox meets Pete Peterson, The Southern Gentleman tonight in the Main Event at the regular Monday night wrestling bout at the Veterans Memorial building. Cox will weigh in at 240 pounds.

Semi-finals are Angelo Cistoldi of 240 pounds and Bill Kuusisto of Minnesota at 230 pounds. In the preliminary, Mike Burnell meets Doc Hall. Burnell, who hails from Tulsa, tips the scales at 222 pounds while Doc Hall weighs 240.

Last weeks wrestling bouts continued throughout the one-hour blackout, during which Bill Hansen threw Tom Rice out of the ring. Rice, in falling, broke a spectator's bench and got hit on the head by the time-keeping bell.

AUTO DEALERS TO ORGANIZE

GRASS VALLEY: A dinner meeting will be held Wednesday evening in the Hotel Holbrooke for the purpose of organizing the Nevada County Automobile Dealers Association.

The membership will include new and used car dealers, garage owners, automotive repair men, body and fender shop owners, and owners of parts stores. Object of the association is stated to be the promotion of good fellowship and harmony within the automotive industry, and by mutual assistance to raise the standards of service to the motoring public..

DOLL COLLECTORS WILL BE GUESTS

NEVADA CITY: Mrs. Warren Barnes of Nursery Street will be hostess Tuesday at a luncheon for a group of doll collectors. Seven ladies will attend from Sacramento and one from Live Oak, besides a number of Nevada City and Grass Valley collectors.

Guests are bringing unusual dolls, ancient period represetnatives, foreign in costume, and others of early American days..

Among the guests will be Mesdames Lura Inks, Vedah Aslick, Hazel Loder, Anna Lien, Florence Stradon, Mary Ready, and Mignonette Mersereau, Olive Hickey, Lenore Coughlin and Maude Mae Shaw.

MOTORING MILES

1946 saw the average passenger car owner use 651 gallons of gasoline and drive some 9765 miles, according to estimates of National Automobile Clhb. This means that highways were crowded and under such conditions, the safe motorist will stay alert when at the wheel of an automobile.

CARRY CHAINS

Motorists are cautioned to carry chains with them at all times when traveling over moutain highways during the present season.

CHARLES BEYER DIES TWO DAYS AFTER DEATH OF BROTHER, HENRY

GRASS VALLEY: Charles Beyer, 74, whose brother Henry preceded him in death by two days, died last evening in a Nevada City hospital following an illness of several years.

Charles Beyer, like his brother, was engaged in cattle raising all his life on the big Beyer Ranch near Spenceville which in 1942 became a part of Camp Beale.

Albert Beyer is the sole remaining member of four brothers who never married and sole survivor of the nine children born to George and Katherine Beyer, who came from Germany to settle in Indian Springs, Nevada County, in the 1850s.

Funeral services for Charles will take place Wednesday under direction of Hooper and Weaver Mortuary. Interment will be in the family plot in Indian Springs Cemetery.

Henry Beyer was born in this county 83 years ago. He spent his active years on the Beyer Ranch near Spenceville in raising cattle, specializing in pure bred Herfords. The Beyers Ranch was taken over by the U. S. Army in 1942 and became part of Camp Beale. The remainder of Henry Beyer's life was spent with his brother Albert on the Dean Beyer Ranch near Clear Creek.

GOLD MINING IN WEST POINT AREA NEAR SAN ANDREAS IS EXPANDING

SAN ANDREAS: Gold mining activities are expanding in the West Point district and adjacent areas. with a number of properties expected to go on production this year. Dan Valeras is developing ore in the Black Oak property. Lashley and associates are installing machinery on the Walker and J. E. Babcock ond Harry E. Briggs have started sinking a shaft at the Lockwood mine to develop a new vein disclosed by diamond drilling.

The Dollar Hill Mining Company is preparing to work the Dollar Hill property and operate the old Lockwood mill. The Brink interests are developing ore in the Yellow Aster and installing equipment. R. H. Tuck and L. V. Storrs are reopening the old Smith mine, operated formerly by the Cutler interests of San Francisco.

NATIONAL HOTEL HAS NEW RESIDENT MANAGER

NEVADA CITY: George Murphy, owner of the National Hotel has announced that he had named Dean F. McGrath to be resident manager. Mr. and Mrs. McGrath have arrived and will make the hotel their home.

McGrath was a marine during the war and served overseas for three and a half years. Mrs. McGrath was formerly Miss LaVerne Willard, daughter Mr. and Mrs. A. H. Willard, former residents. Mrs. McGrath served in the woman marines and met her husband while she was in the service. She is a graduate of the Nevada City High school with the class of 1939.

BIRTH

BALL—In Nevada City, February 11, 1947, to Mr. and Mrs. Robert V. Ball of Grass Valley a son.

NINE DOGS IN GRASS VALLEY POISONED

GRASS VALLEY: Chief of Police Ben Jenkins reports that two more dogs have been reported to his office as having died of poisoning. These raises the total for the past thrte weeks to nine.

Aroused citizens have now offered a total of $110 for the arrest and conviction of the poisoner. The police are making a determined effort to apprehend the miscreant..

PARKING METERS NOT YET FULLY ACCEPTED IN AUBURN—MANY FINES

AUBURN: No special privileges—that was the warning issued indirectly by the city council to any and all Auburnites seeking special parking privileges in this city.

Several business and professional people have inquired of council men whether they may not be granted exemptions from bothering to put coins in Auburn parking meters. The answer at present is that they may not. Councilmen feel that if any person or group of persons are granted special privileges it will only be a matter of time until others will expect the same thing and in the end the ordinance governing use of the meters will be seriously disrupted. So for the present all privately owned cars are subject to the one set rule now in effect..

Chief of Police Fred Adge and the Auburn police department have worked out satisfactory arrangements with out of town delivery trucks and vans and the rule which will prevail with locally owned commercial vehicles is now being studied. When a satisfactory arrangement has been found and put into effect concerning the latter an announcement will be made it was reported.

That local motorists have not yet accepted the meter ordinance as final is evidence in that about 20 citations are being issed daily was reported. Most of the violators appear to be persons who refuse to put money in the "slot" rather than violation of the overtime limit..

Fines for first offenders are set at one dollar; second offenders within the year are two dollars..

VENDING MACHINE SELLS AIR TRAVELER'S POLICIES

An innovation in vending machines is the Insurograph which dispenses insurance policies for air travelers. As an easy to operate as candy machine, insertion of a quarter causes it to place a contract by a window, where you fill in all pertinent data. Then you push another button and get your original policy while the machine retains the duplicate.

THE FIFTH FREEDOM

In a speech before the Illinois State Chamber of Commerce G. Warren Whitney. Alabama business executive, told the story of a man who had taken his little boy to see the great ape, Gargantua, at the Ringling circus.

As the man stood there. Mr. Whitney said, it suddenly occurred to him that Gargantua had all the four freedoms.

"He could say anything he wished and no one would argue with him. He could worship anyone or anything he chose. He had freedom from fear because God had put into his muscles the strongest sinews built into a living being. And because Ringling had paid $150,000 for him he had better food than those who paid a quarter to see him."

He had freedom of worship, freedom of speech, freedom from fear and freedom from want. And yet he was in a cage. He lacked only—the freedom of opportunity."

Freedoms "from" fear and want are negative concepts. Freedom "to" achieve is positive; freedom to build, to grow, to develop.

American businessmen too are tired of being caged, Already they have twisted away some of the bars, such as nearly all the OPA controls and credit restrictions.

Now comes news from Washington that use-limitations by the OPA are likely to be revoked despite Mr. Wyatt's protets. Another bar dangling loosely.

Freedom of opportunity, of initiative, of enterprise, laid rails acoss the prairies. Not a spike was driven by a government regulation. Nor were oil wells dug, factories built, herds developed or cotton grown by executive fiat..

America has grown great, not by four freedoms, but by five.—Contributed.

FIRST RECOGNITION OF AMERICAN FLAG BY FOREIGN GOVERNMENT OCCURRED IN OUIBERON BAY, FRANCE, 169 YEARS AGO

The first recognition of the American flag by a foreign government occurred in Quiberon Bay. France 169 years ago

Captain John Paul Jones. whose bi-centennial birthday anniversary will be observed throughout the nation on July 6, 1947. received the honor in the ship Ranger. which was accompanied by the brig Independence.

Vice Admiral LeMotto Picquot. commander of the French fleet.. returned the Ranger's salute of 13 guns with nine guns. Captain Jones was thereby the first person on a ship of war of the United States to receive a salute from France in recognition of the American independence.

This exchange of courtesies occurred before the Franco-American alliance in the Revoluntinary War became public knowledge.

Captain Jones had left Portsmouth Roads, New Hampshire, on November 1. 1777, and came to anchor at Pain Bouf on the Loire River after a passage of 32 deys. On Friday the 13th of February, 1778. the Ranger in company with the Independence moved to Quiberon Bay.

Immediately upon arrival, Captain Jones began an exchange of correspondence with William Carmichael. Secretary to United States Commissioner Silas Deane in France, which led to the exchange of salute the following day, February 14, 1778.

Among the log entries recounting the Flag Recognition ceremony Captain Jones said, "the officers of the French squadron are extremely well bred and polite. They all visited my vessel the Ranger and expressed the greatest courtesy, they received us with every sign of pleasur and consideration, and saluted us with a feu de joie."

"Did you bring Pop's slippers to leave as evidence?"

BROAD STREET

By Harley M. Leete, Jr.

The Commander of Banner Mountain Post, Veterans of Foreign Wars informs me that it is no more than right and fitting that business houses should close for the funerals of three war heroes whose remains are to be returned here. So be it.

The Commander of American Legion Post Hague-Thomas Hegarty Number 130 informs me that he challenges the Commander of B. Mt. Post, VFW, to a wrestling match as a prelim to the regular Monday night bouts at the Memorial building in Grass Valley. May I hold your coats?

The City of Nevada informs me that it would like $10 for labor expended in cleaning up mud that ran off my lot onto Nihell Street.

Harry Clayton, president of the Nevada City Lions Club, inorms me that he would like me, as Publicity Chairman, to keep other newspapers as well our own informed of local Lions Club doings. Okay!

Dan S. Elliott informs me that he would like me to visit Elliott Enterprises, that remarkable, advertising, watch-making, commercial artistry, sign-painting what-have-you institution he is developing on Broad Street. Right after I finiish this column, Dan.

Ray J. Kronemyer, Executive Manager of the Grass Valley Chamber of Commerce and President of the California Association of Chamber of Commerce Secretary Managers and Dr. Daniel Hirsch, President of the Grass Valley Chamber of Commerce, jointly inform me that they hate the Monday, February 10, issue of the Nugget to pieces. How did you like last Thursday's gentlemen (see Broad Street)?

William Home informs me that he has a growing clientele of out of town patrons in addition to his brisk local business. Shows that good taste and good merchandising pay off.

Harley M. Leete, III informs me that he thinks he is the most popular boy in the neighborhood because he got Valentines Friday from Wendy Barnes, Susan Tuttle, Carole Young and Marian Griggs. Take that gleam out of your eye, Third, you're only three and a half years old.

Kenneth Ronald Finch, our floor man, ad setter, job printer informs me that he is going to become a farmer. Wow!

George Richards, our linotype artist, informs me that he is only going to let me see one of the ramarkable series of photographs he took on that dark stormy night of Tuesday, February 11, when the lightning lit up the wet countryside like day. Come on, now, George!

William Earl Mullis, local laundry owner, informs me that the amount of oil needed to heat the thousands and thousands of gallons of hot water he uses every month is something truly phenomenal.

Warren Barnes ,forest ranger in charge of the Bloomfield district inorms me that he will spend this week in San Francisco on Forest Service business.

Wartime medical research has advanced the frontiers of medicine so that in two or three years from now there may be more Americans alive than if there had been no World War II, says a University of California professor.

Inside WASHINGTON

President Truman Has "Employment" Problem | **Plenty of Democrats Looking for New Jobs**

Special to Central Press

● WASHINGTON—As though President Truman doesn't have enough trouble, he's got a "full employment" problem of his own.

That is, he has to find jobs for the Democrats who find themselves on the outside looking in after the last election. And most senators and representatives, having been in the habit of telling the executive departments what to do and how to do it for years, don't want just any job. It has to be good.

So, almost every day, the president's calling list shows a few visitors who won't have "Rep." or "Sen." in front of their names much longer and who would like to have something else to put there.

Senator Mead

That doesn't mean, of course, that all the Democrats who were not returned to office are looking for jobs. Many say they are not and mean it. But for men who spent their lives in politics, more politics, or at least government, is the logical thing.

Occupying the top spot on the list, according to most observers, is Senator James M. Mead of New York, who put his head on the New York gubernatorial chopping block for Tom Dewey and so is considered to have made the biggest sacrifice for the party. Mead is an old friend of the president, and the story goes that Mr. Truman would like to give him Robert Hannegan's jobs—postmaster-general and chairman of the Democratic National committee.

But Hannegan, while he would like to get rid of the committee post, because of ill health, among other things, wants to stay in the cabinet. And Mead is said to be almost insistent on cabinet rank. What may happen is the assignment of Mead as undersecretary of labor (Keen Johnson, who has the job, is anxious to go back to being vice president of Reynolds Metals). Then, conceivably, Lewis Schwellenbach, who hasn't been happy as secretary, would step out and Mead would step up. The only flaw in this picture is that Mr. Truman might have to find Schwellenbach another job before he stepped out. Schwellenbach, like Secretary of War Robert P Patterson, has his eye on a judgeship, preferably on the supreme court. Mr. Truman, it is plain, is confronted with a vicious circle.

There is also a chance that Mead will get an ambassadorship, if one can be found for which extreme wealth is not essential.

One ambassadorship which will be open is that to the Philippines, from which Paul McNutt is expected to resign this month. It has been turned down by Wisconsin Progressive Robert LaFollette, whose name has come up in connection with many openings, but who may become the American member of the United Nations Economic and Social Council.

These are some of the other men for whom the political dopesters are busily finding spots: Gov. Frank J. Lausche of Ohio, who saw the president recently but disclaimed interest in a federal appointment; Senator Hugh Mitchell of Washington; Senator Abe Murdock of Utah, another White House caller; Senator Burton K. Wheeler of Montana, likewise; Enos Axtell, who had White House backing in his unsuccessful Missouri race for Congress, Gov. Robert Kerr of Oklahoma; Senator James Huffman of Ohio; Attorney-general Robert Kenny of California, and Sen. James Tunnell of Delaware.

Candidates Are Now Legion

Want more? Rep. Mrs. Emily Taft Douglas of Illinois and Rep. Mrs. Chase Going Woodhouse of Connecticut; Rep. Frank Hook of Michigan, who has been through this sort of thing before, having worked in the federal security agency the last time he was unseated; Mayor Edward J. Kelly of Chicago; former Gov. Murray Van Wagoner of Michigan (he doesn't want anything); Sen. Joseph Guffey of Pennsylvania (neither does he); James A. Farley, who doesn't want to return as chairman of the Democratic National committee, but who would like a job that might lead to the vice presidency.

NEVADA CITY HIGH SCHOOL HIGHLIGHTS

LEE MILLER

BEES LOSE TO YUBA CITY

The Nevada City Bees played a close game Friday night against Yuba City. During the first half, it was anybody's game, with the score at the half ending up at 19-20, Yuba City's favor. From then until the beginning of the fourth quarter, it was still anybody's game. Soon after the beginning of the fourth quarter, Yuba City called time out; their team came out of this huddle to pick up nine points and a victory from Nevada City, Don Ames, center, made the most points for Nevada City, with 10 points. The high point man for the game was Yuba City's Lee Cast, a forward who totaled 17 points.

YELLOWJACKETS SLAUGHTER YUBA CITY

A knock-down drag-out game was won Friday night by Nevada City's A team. The score at the half was 27-9, our favor, with Yuba City held almost to a standstill. The final score was 65-21, our favor, Nevada City more than tripling Yuba City's score. Jack Coley and Bob Williams were sinking baskets right and left, competing to be high point man. Jack Coley was the real high point man for the evening and for the season with 27 points. This score equals George Mandich's high point record for the league, tieing Voley and Mandich for high point records. Buzzy Rhine, a center lead the Yuba City team with 9 points.

FUNERAL FOR GEORGE OSTERMAN HELD SUNDAY

NEVADA CITY: Funeral services were held yesterday afternoon at 2:30 o'clock for George R. Osterman, who died in Los Angeles Thursday of a heart attack, in the Holmes Funeral Home.. Rev. Angus Miller conducted the service and the local Masonic Lodge had charge of the ritual for the dead. Interment was in Pine Grove Cemetery.

Osterman was born in Sierra City 65 years ago. He was graduated from the Nevada City schools, but left here early in his life. He was employed for 30 years in Los Angeles by the McGraw Hill Publishing Company.

Surviving are his wife, Ruth, his mother Mrs. Clara C Scarfe, and his sister Mrs. Hildegarde Hadley, the latter two of this city. He leaves two nephews, Gordon Hadley of Arcata, Humboldt County and Channing Hadley of Santa Cruz.

Following his first trip through the Colorado River in 1869, Major John Wesley Powell in 1781 and in 1872 explored the area.

Harry Meiggs, of San Francisco built the first sawmill at Mendocino in 1852.

Baked Stuffed Fish Makes A Nice Change for Dinner

By BETSY NEWMAN

RECENTLY we were all urged to choose the cheaper cuts of meat and cut our meat purchases so that the price of the steaks, chops and prime roasts we have missed for so long will drop in price.

Fish isn't exactly cheap, either, but at least it's a change from meat and an excellent food. Sea foods, you know, contribute needed iodine to the diet.

Today's Menu

Baked Stuffed Fish
French Fried Potatoes
Molded Mexican Slaw
Frozen Spinach
Graham Cracker Cake Coffee

Baked Stuffed Fish

3 shredded wheat biscuits
1 egg, slightly beaten
1 tbsp. minced onion
1 tbsp. celery leaves
¾ tsp. salt
⅛ tsp. pepper
⅛ tsp. poultry seasoning or sage
2 tbsps. melted fat
⅔ c. hot water
1 fish (about 3 lbs.)
1 12-oz. can vegetable soup

Roll cereal to make 1 cup crumbs; add egg, seasonings, fat and water; mix well to make stuffing. Wipe fish with damp cloth and spread stuffing on one half; cover with other half of fish; place in shallow baking dish, pour over soup diluted with ¼ c. water, and bake in moderate oven (350 F.) 30 min. Serve with lemon wedges. Serves 6.

Molded Mexican Slaw

3 tbsps. chopped green pepper
1½ c. hot water
2½ tbsps. vinegar
¾ tsp. salt
Dash of cayenne
1 pkg. lime or lemon gelatin
½ c. finely cut celery
¾ c. finely shredded cabbage
2 tbsps. pimiento, cut fine

Dissolve gelatin in hot water; chill. Combine vinegar, salt and cayenne pepper, mix with celery, green pepper, cabbage and pimiento and let stand 10 or 15 min. When gelatin is slightly thickened, fold in vegetables and seasonings and turn into shallow pan or pans to chill. When firm, cut in squares and serve on lettuce. Serves 5.

Graham Cracker Cake

1 tbsp. butter
1 c. sweetened condensed milk
1 c. graham cracker crumbs
1 egg
⅛ tsp. salt
1 tsp. baking powder
½ tsp. vanilla
½ c. chopped nut meats

Melt butter, add to sweetened condensed milk; add well-beaten egg yolk and graham cracker crumbs. Add baking powder and salt and mix well. Add vanilla and chopped nuts, then fold in stiffly-beaten egg white, and pour into a buttered baking dish or muffin tins. Bake about 25 min. or until set, in a moderate oven (350 F.). Serves 4.

FRANK ROWE HEADS NEVADA COUNTY TUBERCULOSIS ASSN.

GRASS VALLEY: Frank Rowe, member of the county board of supervisors, has accepted the chairmanship of the Nevada County Tuberculosis Association. His appointment followed the resignation of John R. C. Mann.

Mrs. Vera W. Ingram will continue as secretary of the association, C. C. Carveth as treasurer and Mrs. Wilena Wolfe as seals sale chairman.

Hawaii national park in the Territory of Hawaii contains 245 square miles.

THRASHER-TAMBLYN NUPTIALS

GRASS VALLEY: Mrs. Nell Thrasher and George Tamblyn were quietly married by the Rev. W. W. Turner, pastor of the Congregational Church here, in the parsonage Wednesday evening, February 12th.

The couple were attended by Mr. and Mrs. George Ward. A reception was held at 231 Lincoln Street. The couple are spending their honeymoon in Oakland. On their return they will make their home here.

MINERS BEAT PLACER QUINT BY GOOD MARGIN

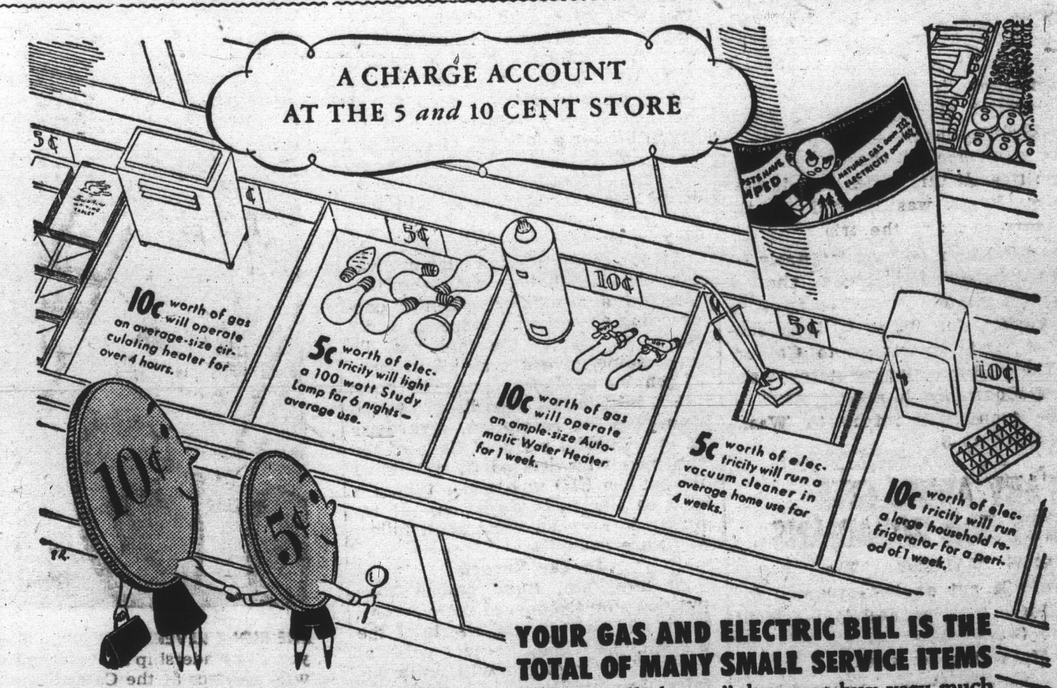
GRASS VALLEY: The Miners unlimited piled up another big score Friday evening when they gave the visiting Placer cagers a decisive trouncing, to the tune of 55 to 35. The Grass Valley Bees lost again to the Placer quint, this time the score was 21 to 40 in favor of Placer. At half time the Miners A five had already run a lead of 26 to 14. The Bees half time score was Grass Valley 9 to Placer's 16.

Albert Ali, Grass Valley forward, was in there pitching again, running up a score of 22 baskets out the A team's total score of 55. For Placer, Bill Flunarty, forward scored 13 baskets.

In the Bee contest Grass Valley's Leo Frye, guard tossed in 6 baskets, as against Placer's J. Matsura, forward, who score was 14 points.

A new species of bacteria, discovered by a University of California microbiologist is expected to play an important part in getting more oil from dry wells and unlocking oil from oily shales and sands.

In 1870 San Francisco's population was 149,473.



A CHARGE ACCOUNT
AT THE 5 and 10 CENT STORE
10¢ worth of gas will operate an average-size circulating heater for over 4 hours.
5¢ worth of electricity will light a 100 watt Study Lamp for 6 nights—average use.
10¢ worth of gas will operate an ample-size Automatic Water Heater for 1 week.
5¢ worth of electricity will run a vacuum cleaner in average home use for 4 weeks.
10¢ worth of electricity will run a large household refrigerator for a period of 1 week.
10¢
5¢

The Cost of Gas and Electricity has gone **DOWN** *and* **DOWN**

Natural Gas Rate Cuts in 1939, 1940, 1943 and 1946 slashed the average cost of Gas in the home...33 per cent. Electric Rates have been cut SEVEN TIMES since 1939...a series of reductions that place P. G. and E. electric rates 20 per cent below the national average.

11XW-247

YOUR GAS AND ELECTRIC BILL IS THE TOTAL OF MANY SMALL SERVICE ITEMS

Your "small change" does not buy very much today, especially your nickels and dimes. There is one outstanding exception, however. You get BIG VALUE for 5c and 10c spent for Gas and Electric service. You are now buying gas and electric service at way below pre-war prices. Best of all—you buy them, use them, "charge them!" It is just like having a handy charge account at the 5 and 10 cent store. For example ... 5c runs your electric clock for 6 months ... 10c cooks three meals a day on a Gas Range for 2½ days.

CONGRESSMAN ENGLE GOES TO GUAM WITH KRUG

WASHINGTON: Rep. Clair Engle left here Feb. 15 for Los Angeles where he joined Secretary of Interior Krug and his party for a two week plane tour o Pacific bases. The group left Los Angeles on Feb. 18 with priucipal stops at Honolulu, Samoa and Guam.

Krug said the trip is being made in connection with determining the government's responsibilities in the Pacific, and to study at first hand the question of civil or military rule for US dependencies.

As a member o the house subcommittee on territories and insular affairs, Engle was invoted by the secretary to make the trip.

As a Californian I am intensely interested in all our affairs in the Pacific. The matter of postwar trade in the Pacific, for instance, is a subject of vital importance to California, the leading shipping state on the PacificCoast. Engle said..

The group will return to Washington, March 3.

ROTARY ANNES GIVE PARTY FOR ROTARIANS

GRASS VALLEY: The Rotary Annes will put on the program for the dinner meeting and ladies night of the Grass Valley Rotary Club in Bret Harte Inn tonight..

The Rotary Annes have hinted mysteriously at several surprises during the session.

Veterans administration is attempting to restore nearly 160,000 disabled veterans to employability under the vocational rehabilitation ac.t

Scrambled Figures

Plain-logic and clear-thinking are two delegates who should always register at all management and labor conventions. They should be ever present in all councils of patriotic groups. Neither our business nor our labor leaders must be responsible for a lock-out of truth and of the dignity belonging to facts and figures. Inasmuch as plain Americans can reason, just so will they see any inadequacies of thought demonstrated by any leaders.

Most of American labor was pleased, I believe, when the CIO adopted a resolution recently condemning Communist influence in its ranks. I suspect the rank and file back home gave this action a round of genuine applause. And aside from the intra-union politics which prompted the resolution, regardless of the doubtful political tinge of the the men who drafted it, my belief is that the CIO unions are taking a step in the right direction. It remains to be seen what shall follow in future councils.

In The Record

At any rate, these unions have put down on the record their resentment and rejection of efforts of the Communists and "other political parties" to interfere with their affairs. Communists, they seem to imply, are just another political party, but let us not forget what ideology is followed by the Communist line, whether in a party by that name or in other parties. There's nothing American about their ideology nor their long-range aims.

It would seem the time has come for our two major political parties to do more than merely disown the Communists who have infiltrated their own ranks and the ranks of labor. Moreover, it might be a good time for the two major parties and for our leaders of labor to say that political action groups have no business interfering with the affairs of political parties.

Greater Threat

The extent to which Communist ideology has penetrated gradually the councils of labor is no doubt much greater than labor itself is aware. A prominent labor personality recently set down the profits of industry for 1946 as $15,000,000,000, after taxes, and added that this represents a greater threat to the nation than does Communism.

Whatever industry's earnings will be for 1946, the figures will not be high enough. The poor showing in the first nine months of the year, as seen in the stalled output of the automobile industry and in the failure of many industries to make any profit at all, will not make large sums available for higher wages..

The Profit Motive

Poor industrial earnings will not permit management to set aside funds for expansion and for badly needed working capital. Neither will lagging production bring a prosperity level that will help pay our tremendous war debt. No production brings no profits and no wages.

Americans dislike to see any groups discredit the profit motive. We like each man's prerogative to make a profit, whether he belongs on the side of management and ownership, or whether he is a wage earner. It is elementary economics that wage earners do not experience increased wages under conditions where there is no production. Surely the rank and file of Americans know this. We cannot believe that any loyal Americans would like for industry to be constantly in the red. But we know that the Communists would.

Over 495,000 veterans filed applications with veterans administration from Jan. 1 until Oct. 31 to convert their term insurance to permanent policies.

Why we are asking for increased telephone rates

The responsibility of furnishing telephone service in California carries with it the obligation to see to it that the service shall be adequate and dependable. Now, in order to fulfill our obligation properly, we have found it necessary to apply for increased rates. We would like to tell you why they are needed.

Our pre-war costs have more than doubled.

Good service for the public comes from good employees and good equipment. The cost of both has risen greatly in recent years. Total wage expense, which represents two-thirds of our operating expenses has more than tripled since 1940, due to more employees and higher wages.

Our business in California has grown and revenues have increased 105% in this period, but costs have climbed even faster—135%. Costs of buildings, equipment and supplies of all kinds have gone up tremendously. As a result, present rates are inadequate.

Present local rates were set many years ago.

Charges now being made for local telephone service in California are based on rates that were established many years ago . . . in most cases as far back as 1919. Until 1940, through continuing efficiency in our operations and rapid technological advances, we were able to give our customers steadily-improving telephone service, progressively increase the pay of our employees and pay dividends to the thousands who had invested in our business. We were even able to reduce many rates, particularly on toll calls.

We are not seeking large profits.

In asking our customers to pay more for service we are not seeking large profits. Our policy with respect to earnings and service will continue to be: "To furnish an ever-improving telephone service at a cost as low as is consistent with financial safety."

Current earnings are the lowest in many years.

Current earnings on our plant investment in this state have dropped to the lowest level for at least 30 years—much lower than even in the worst years of the depression. And right now . . .

There is a big job ahead.

To meet unprecedented demands for service and to keep pace with California's amazing growth we are engaged in the largest expansion and improvement program in our history . . . a program which will cost $150,000,000 in this state during 1947 alone . . . a program that will mean steady employment for thousands of California's citizens and . . .

Adequate earnings are essential.

We have waited as long as we could to ask for higher rates, but more money is essential now. Millions of dollars of the savings of thrifty Americans must be invested to finance the necessary increases in plants and equipment. Thrifty Americans, being good business men and women, will invest these millions if, and only if, there is reasonable assurance of a fair return. The increase in total revenue we ask is only what is required to maintain a sound credit position, and we feel is moderate and in the public interest. We would fail in our responsibility if we allowed further time to elapse before making it.

Veterans' News

Many veterans do not understand
t the life insurance now being of-
red by the Veterans Administra-
n is the same insurance available
them during the war, at the same
tes, broadened to fit the peace-
me needs of former servicemen.
NSLI was offered by the U. S.
vernment to members of the arm-
forces because of the unusual haz-
d of war—and because it was real-
ed that the loss of the soldier or
ilor would mean the loss of a pres-
t or future breadwinner in his
me. Some sort of income had to
set up to replace his earnings if
failed to return.

Because of the low pay of a sol-
er at the time the insurance act
as passed in 1940 (30 per month
a private) it was necessary to fur-
sh the insurance at low cost. Con-
quently, it was decided to offer
mporary insurance (term insur-
nce) because the cost ran to around
5 cents per month per $1000. In
at type of insurance all the pre-
iums paid in go to pay for the
aims of those who die in any given
ear.

While term insurance is the cheap-
st, it has the disadvantage of never
uilding up any cash or loan value.
t offers only protection. Several
ther plans, however, are available to
eterans who wish to convert to per-
anent forms—20 and 30 day life,
rdinary life, 20 year endowment and
ndowments at age 60 and 65. Com-
lete information may be obtained
t your nearest VA office or by writ-
ng to the director of insurance, Vet-
rans Administration, 180 New Mont-
omery Street, San Francisco 5.

Q: I took out a $10,000 NSLI
olicy in July o 1943; I was told at
hat time my wife, then 25, could
nly be paid at the rate of $55.10
er month for 20 years in case of my
eath. Is it possible now to arrange
o have $1000 of my insurance paid
ut in cash? Also can I arrange for
er to receive a larger income than
55.10 a month?

A: Yes, to both questions. Your
ife may be paid $1000 in cash, and
he other $9000 at the rate of ap-
roximately $160 per month over a
eriod of about five years..

Q: How long do I have before I have to convert my term insurance to a permanent form?

A: You can keep your term insurance for eight years from the time it was taken out, if it was taken out before January 1, 1946, or five years if it was taken out on or after that date..

Veterans and schools are urged to cooperate with Veterans Administration by supplying needed information completely and promptly so that subsistence payments can be made on time, VA said today.

Preparing for second semester enrollment throughout the country, VA listed the main reasons for delays in the payment of subsistence allowances to students. They are:

1 Veterans fail to report changes of address when they move, so checks are automatically returned to the treasury and held tuere. Government checks are never forwarded by post office.

2 VA receives incomplete information from the school or the veteran. Subsistence checks must be delayed until complete facts about marriage status, wages, date of enrollment and other conditions are reported.

3 Schools may delay the payments by being slow in sending necessary papers to VA. One large midwestern university last fall waited until six weeks after enrollment to give VA the necessary papers to pay 450 veterans.

4 Veterans transfer from a school in one regional office area to one in a different jurisdiction. Some delay is unavoidable while VA records are transferred to the new office.

Reports received early in January from VA field offices showed between 40,000 and 50,000 veterans—2 percent of all GI Bill trainees — had been in courses more than 30 days and had not yet received subsistence checks. Many of these, it was found, were in schools that had not yet been approved by the state for training under the GI bill and thus were not eligible for the subsistence allowance.

Veterans are never eligible to receive any allowance until they have been in training for 30 days, VA said.

Veterans who plan to transfer to a different school in the second semester are reminded that they must obtain a supplemental certificate of eligibility to turn in at the new school.

They will save time in getting on subsistence rolls of they obtain this before enrolling, VA said. They can get it by applying to the regional office that is handling their cases before transfer..

Va reminded students that they need not worry about the periodic report of earnings until their regional office sends them the form to use for it. .

When VA asks a veteran for additional information for his record, he should reply as quickly as possible, VA said. The agency does not ask for this information unless it is essential to him and in most cases VA can't pay his subsistence allowance until a reply is received.

A change of address will usually not delay a veteran's check materially if he reports it promptly.

CAUSE OF STERILITY AMONG VETS SUGGESTED

LOS ANGELES: What has caused sterility among some war veterans?

A possible answer to this question was suggested today in research announced on the Los Angeles campus of the University of California.

For more than a year Dr. Boris Krichesky, and Miss Marjorie Fiener of UCLA and Dr. Samuel J. Glass a Los Angeles physician have been investigating the effects of liver damage on sex organs. Part of the work has been financed by the Ayerst, McKenna and Harrison Pharmaceutial Company.

Male rats were fed carbon tetrachloride which damaged the liver. After several months the secondary sex organs (prostate glands, etc.) had decreased in size by 70 per cent. In addition the tests showed some damage and sperm production was decreased.

The explanation is that the blood stream of the rat, man, and other mammals possess both male and female hormones. The normal liver destroys most of the female hormones in the male; but when it is damaged the amount of female hormones increase and the animal becomes sterile and may exhibit some of the female characteristics.

During the war, says Dr. Krichesky sterility was reported among soldiers and sailors in connection with infectious hepatitis—disease of the liver. Other diseases or damage to the liver it is thought may cause sterility.

Dust may cotnain sand, soot, cotton fiber, hair, seeds, bacteria and mold.

Anthropology collectors at the University of California rank among the most important in America.

INTELLIGENCE NO AID TO MENTAL RECOVERY

SAN FRANCISCO: A high degree of intelligence is of no help in recovering from a mental disease or emotional disorder, reports Dr. R. E. Harris, psychologist in the Langley Porter Clinic of the University of California Medical School..

Dr. Harris administered intelligence tests to a group of mentally ill patients who were undergoing psyciartric treatment. After treatment, he compared the intelligence quoitents with the results of treatment.

The results showed that intelligence was not related to recovery, contrary to popular conception. The average and dull patients responded as well as the intellectually brilliant.

Even when it was obvious that intelligent patients derived greater insight into their condition this resulted in no modification of behavior or mental recovery.

Psychiatrists and psychologists generally show more interest in intelligent mental patients, Dr. Harris said, because the structure of their character and psychological make up is more complex..

Over 63,000 World War II veterans are studying farming right on the farm under two federal laws administered by Veterans Administration.

Veterans Administration board of appeals now is disposing of an average of 2000 appeals from VA rulings monthly. .

NO. 8688
SUMMONS
IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA IN AND FOR THE COUNTY OF NEVADA.

ANGELO CARTOSCELLI,
Plaintiff,
vs.
EVA CLUTTER, C. K. TOWNSEND, JOHN WILLIAMS, and ARTHUR BARTON, and all other persons unknown claiming any right, title, estate, lien or interest in this complaint, adverse to plantiff's title thereto, Defendants.

Action brought in the Superior Court of the County of Nevada, State of California, and the Complaint filed in the office of the County Clerk of said County, Frank G. Finnegan, Attorney for Plaintiff, Nevada City, California.

The people of the State of California send greeting to: EVA CLUTTER, C. K. TOWNSEND, JOHN WILLIAMS, ARTHUR BARTON, and all other persons unknown claiming any right, title, estate, lien or interest in the real property described in the complaint, adverse to plaintiff's ownership, or any cloud upon plaintiff's title thereto, Defendants.

You are hereby notified that an action has been commenced against you in the above entitled Court by the above entitled plaintiff for the purpose of determining all adverse claims to and clouds upon the title to all that certain real property situated in the City of Nevada, County of Nevada, State of California, and more particularly described as follows, to-wit:

All those portions of Lots One (1) and Fifteen (15) and all of Lot Sixteen (16) of Block Fifty-seven (57) of the City of Nevada as said lots and block are designated on the official map of Nevada City, made by H. S. Bradley in the year 1869, described in one parcel as follows:

Beginning at a point on the Easterly line of Sacramento Street from which the Northwest corner of Lot 1, Block 57, bears North 11° 20' East 27.85 feet; thence South 11° 20' West 155.74 feet along the Easterly line of Sacramento Street to the South-west corner of Lot 16; hence along the Southerly line of Lot 16 North 82° 15' East 116.00 feet to the Southeast corner of said Lot 16; thence along the Easterly line of Lot 16, North 2° 20' East 42.30 feet to a point on North bank of ditch; thence North 81° 58' East 86.27 feet along North bank of ditch; thence North 1° 26' East 71.41 feet to a point in the center of Little Deer Creek; thence along the center of Little Deer Creek North 86° 15' West 173.62 feet to the point of beginning.

You are hereby directed to appear and answer the complaint in an action entitled as above brought against you in the Superior Court of the County of Nevada, State of California, within ten days after the service on you of this summons, if served within this County; or within thirty days if served elsewhere.

And you are hereby notified that unless you apear and answer as above required, the said plaintiff will take judgement for any money or damage demanded in the complaint as arising upon contract, or plaintiff will apply to the Court for any relief demanded in the complaint.

GIVEN under my hand and seal of the Superior Court of the County of Nevada, State of California, this 16th day of December, 1946.

(SEAL)
R. N. McCORMACK, Clerk.
By R. E. DEEBLE, Deputy.
Jan. 27, Feb. 3, 10. 17.

MECHANICAL KINKS

"What is the mechanical condition of your car?" queries the Public Safety Deparment of National Automobile Club. "Are brakes in good working order? Are headlights in need of replacement and if not, are they properly focused and aimed? Are tail and stop lights in good condition- Does the exhaust system leak? If any of these defects pertain to your automobile, take it to the nearest garage and have them checked before driving it again."

Around 65,000 veterans are applying monthly for admission to Veterans Administration hospitals or homes.

The 16 story public service building at Portland is Oregon's tallest office building.

By Congressman Clair Engle

STOCKPILING POLICY

Since returning to Washington, I have been trying to get the army-navy munitions board, which handles the stockpiling of critical minerals and metals to indicate its policy on purchases from domestic producers. Despairing of getting action without a congressional investigation, I asked Congressman Lempke, who is chairman of the subcommittee on mines and mining for the house to call the representatives of the board before the subcommittee. These hearings have developed not only the complete lack of policy so far as the board is concerned toward domestic minerals but an evident opposition to helping the domestic miner.

Although the act specifically directs the board to encourage domestic production the board has formulated absolutely no afirmative policy under the provisions of the law for doing so. Although over six months have gone by since the act went into effect, the mining industry advisory committee which the law requires to be set up is not even established. In addition, at the actual operating level of the board the personnel is entirely army and navy and there is not one single civilian, much less a representative of the industry so vitally concerned in the stockpiling act.

The representative of the army on the board testified that they expected to buy only 15% of their material domestically and added that no analysis had been made of domestic production for the purpose of determining to what extent this nation could be made self-sufficient in critical and necessary minerals and metals. It is quite apparent that the military opposition to domestic purchase shown at the time the stockpiling act passed congress is now operating, notwithstanding the plain direction from congress to prevent the act from being the stabilizing influence it could be made in the domestic mining industry. It is expected however that the mines and mining subcommittee will continue to keep the actions of the board under constant observation for the purpose so far as possible of forcing them to follow the intent of congress.

HOOF MOUTH DISEASE

The threat of hoof and mouth disease is imminent in California and is disturbing all of the livestock leaders in our state who will remember the devastation caused by the last outbreak. It apparently all started when some bulls were shipped into Mexico for Argentina over the protests of our government officials. The infection in Mexico seems to be clearly traced to these bulls and has progressed now to such a point in one area of Mexico that there seems little hope of eradicating the disease..

Consideration is being given to getting funds and sending our experts into Mexico to assist in eradication. However there are a good many political complications and in addition the practical job of exterminating large number of Mexican livestock, as well as wild life, are tremendous. If we are to prevent the infection in California it seems that our precautions are going to have to be taken at the border.. The California delegation as well as the representatives from Texas, New Mexico, Arizona and other livestock areas are working together to try to get a solution.

The nature of life in North America about 200 million years ago, just before the age of the dinosaurs is being determined by University of California scientists from fossils unearthed in Arigona.

NEVADA CITY LONG AGO

FLOY MARGARET REYNOLDS

20 YEARS AGO

A number of teachers in the county schools attended a conference in the supervisors rooms at the courthouse. Those attending to discuss methods in composition, spelling, arrangement of programs and primary helps were: Miss Marsh, Misses Lydia and May McDonald, Mrs. Wilson, Miss Lambert, Miss Reader, Miss Tremaine, Miss Pardini, Miss Hall, Miss Kent, Miss Kelleher, M. White and Constance Quick and Mesdames Jones, Schwartz, Weeks, Ferguson, Sweet and A. White. Miss Irene Burns presided.

Miss Mary Schmidt, daughter of Mr. and Mrs. E. W. Schmidt returned to Mills College following an illness at the home of her parents in Broad Street.

Mrs. Grace Celio entertained at a dinner and bridge party in honor of Mrs. E. E. Stone, a former resident of this city. Bridge prizes were won by Mesdames E. J. Kilroy, R. N. McCormack, H. A. Curnow and Guy Smith.

A Valentine surprise party was given Howard Penrose at his home by students of the high school. Games and refreshments were enjoyed after the party attended a dance at the Red Mans hall.

50 YEARS AGO

County Surveyor Miller returned from surveying the boundary line between Nevada and Yuba counties. Yuba county was represented by County Surveyor Meek and Supervisors Conrath and McGuire. Supervisor Woods of Nevada County was also present. The supervisors of both counties planned to hold a joint meeting and complete the details of the work.

While a medicine company's band was rendering selections at the corner of Pine and Broad Streets the horses attached to the milk wagons of A. D. Sutton and W. B. Celio became frightened and ran away. Both teams were stopped before any serious damage was done.

N. Fleming of Marseilles, Illinois and A. Harris of Fowler, Fresno county were visiting here. Both gentlemen were residents from 1852-60 and for awhile were mining partners at Selby Flat when that place was a lively camp with several stores, a hotel, a butcher shop, blacksmith shop, shoe maker shop, many saloons and over 200 men at work in the gravel and placer mines of that immediate vicinity.

Ching Hing, a proment Chinese of this city was married to Toy Fing, one of the most attractive young Chinese women ever seen in this town. Justice Holbrooke performed the ceremony and Under Sheriff Pascoe and George Barton were the witness and best man at the wedding.

75 YEARS AGO

The Hon. J. M. Days presented a petition from residents of Nevada City, Grass Valley and Rough and Ready asking for an amendment to the state constitution so as to confer the right to vote upon women.

James A. Steger of North San Juan was appointed Notary Public by Governor Booth.

Following were the names of pupils on the roll of honor in the North San Juan grammar school for the month, Geo. E. Robinson, teacher: Sarah J. Williams, Katie Smith, Gracie Hesseltine, Ida Rhinehart, Mary Bands, Florence Clarke, Carrie Woodwarf, Annie Lisson, Ida Kramer, Mary Beck, Minnie Quick, Samuel McNeil, William Wodell, Bennie Hesseltine, James I. Noblet, Albert Taylor, Andrew Crrion, Thomas Harris, Frank Reed, Charles Eddy, John Owens, Willie Dahneke, Charles Crall, Willie Hesseltine, Earnest Kramer and Ephriam Bloss..

Major Philip Joyal In Important Post

NEVADA CITY: Members of the Joyal family have received word from the headquarters of the Sixth Fighter Wing at Howard Field, Canal Zone, that Major Philip Joyal of this city has been appointed air inspector for the 36th Fighter Group of the Sixth Fighter Wing.

Major Joyal, a graduate of the Nevada City high school, class of 1937, ann of Placer Junior College, class of 1940, entered the service as air cadet at McClelland Field in April, 1941. His wife and two sons, Ronald B. 1½ years and Kendall P. 3½ years, are residing at Howard Field with him.

A device used for panning German radar was developed at the University of California.
